C. H. BREWER

Riverside Farm, Rahway, N. J

Riverside Farm

Rahway, N. J.

January, 1933

Friends and Patrons:

Planting time will soon be with us again. Weather conditions may be with us or against us in growing crops the coming season, but one thing is certain, without good seeds the best crops can not be grown.

It is my aim to produce and supply only the best quality seeds of the selected varieties listed in this little catalogue, both in vegetable and flower seeds.

I am not out for large orders as some of my stocks are limited, and when sold out no more can be had until grown, another season. I want every one receiving a copy of this catalogue having a vegetable or flower garden,

who has not heretofore used Riverside Farm Seeds to plant some of my selected varieties this season. I know they are going to be mighty well pleased with results, as such has been the verdict of those planting Riverside Farm Seeds during past seasons.

Last season I sold entirely out of some varieties owing to a large increase in orders. My stock of special Riverside Farm Pepper and Tomato seed is limited, however, I hope to have enough seed to fill all orders this season.

Whether in the home garden or for market purposes, you will make no mistake by planting Brewer's Favorite and Scarlet Topper Tomatoes, and Golden Giant or California Wonder Peppers.

I thank my old customers for their orders sent me the past season. To all those who have never yet planted Riverside Farm Seeds, I can assure them that no better seeds can be had anywhere, regardless of the price.

QUANTITY and QUALITY must be in every packet of Riverside Farm Seeds, which are put up in very liberal packets. As previously done I am again offering you your selection of any 12 packets postpaid for \$1.00, seeds enough for a good sized garden, and varieties that will please you both for yield and quality. I thank you for your kind attention, and any order you may send me. With best wishes for the year, I am

Very Respectfully

C. H. BREWER

SEEDS AND BULBS BY MAIL POSTPAID

Unless otherwise stated will be sent prepaid to your address. Please write your name and address very plainly on every letter and order. Remit by registered letter, money order, check, or for small amounts stamps will be accepted. Order early, and you will have seeds on hand when required.

RIVERSIDE FARM

Selected Varieties

VEGETABLE SEEDS

ALL SEEDS LISTED are put up in very liberal packets at 10c. per packet. Any 12 packets your selection, either vegetable or flower seeds will be sent postpaid for One Dollar.

BEANS

Early Bountiful. One of the best, long flat podded green beans. Very productive and continues in bearing a long time. Pods entirely free from strings, tender and of fine quality. $\frac{1}{4}$ lb. 15c; Pound 35c; 2 lbs. 65c; 5 lbs. \$1.50.

Suttons Masterpiece. An early variety, hardy and very prolific. The pods are round, long, straight and of the very best quality, when picked at the proper stage of growth. $\frac{1}{4}$ lb. 15c; Pound 40c; 2 lbs. 75c.

Pencil Pod Wax. The finest long, round podded wax bean. A strong grower, very productive, pods brittle, stringless, and of finest quality. $\frac{1}{4}$ lb. 15c; Pound 40c; 2 lbs. 75c.

FORDHOOK BUSH LIMA

The best of all the potato lima class. Plants strong, upright in growth and a good yielder. The green beans are tender, juicy and of very fine flavor when cooked. $\frac{1}{4}$ lb. 15c; Pound 45c; 2 lbs. 80c; 5 lbs. \$2.00.

GIANT PODDED POLE LIMA

Vines vigorous in growth and very prolific. Pods large, often 7 inches long and contain 6 large beans of very fine quality when cooked. The best of all the pole limas. $\frac{1}{4}$ lb. 15c; Pound 45c; 2 lbs. 80c.

BEETS

Crosby's Early Egyptian. A very fine early beet of fine form, deep red flesh and extra good quality. For either the home garden or market it is one of the very best varieties. The seed I offer is grown from selected roots, there is no better to be had at any price. Oz. 15c; $\frac{1}{4}$ lb. 40c; Pound \$1.25.

Detroit Dark Red. A fine beet for market. Roots globe-shaped with small tops. Flesh deep red, and quality is exceptionally fine. More extensively used for canning than any other variety. Oz. 15c; $\frac{1}{4}$ lb. 35c; Pound \$1.15.

Mammoth Long Red, Mangel Wurzel. The best long mangel and the heaviest yielder. The quality of the roots for stock and poultry feeding is very high. Oz. 10c; $\frac{1}{4}$ lb. 20c; Pound 60c.

CARROT

Chantenay. A very popular variety, extensively grown for table and market. Roots grow very smooth, deep orange in color, and are of the finest quality. Oz. 15c; $\frac{1}{4}$ lb. 45c; Pound \$1.35.

Danvers Half Long. A heavy yielder of fine roots, rich orange in color, medium size and of fine quality. A fine variety for market. Oz. 15c; $\frac{1}{4}$ lb. 45c; Pound \$1.35.

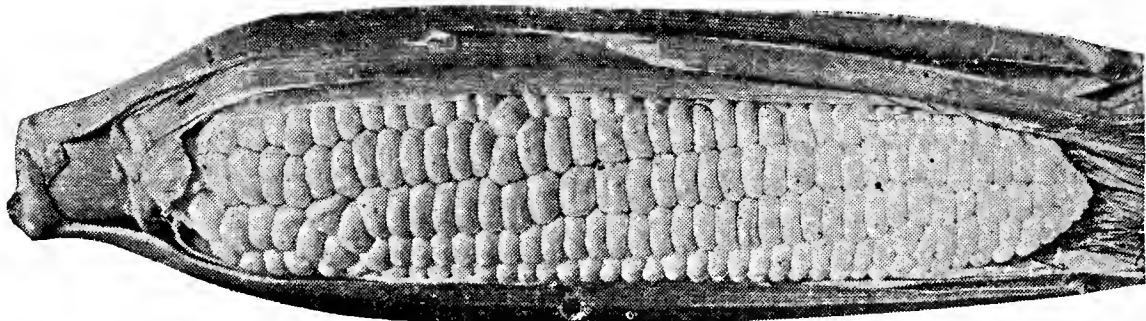

CELERY

Easy Blanching, or Sanford Superb. A fine variety of dwarf compact growth, for late fall or winter use. It does not blanch quite as quickly as Golden Self Blanching but keeps better, and the quality is much superior to that variety. I have a very fine strain of this celery. Oz. 60c.

The EMPEROR. This is the best and finest quality celery that I know of. The stalks grow 15 to 18 inches high, thick through, very brittle, and free from stringy fibers. My customers will buy no other variety of celery when the Emperor can be supplied owing to its solidity and fine nutty flavor of the stalks. Oz. 85c.

All seeds are 10c. per packet. 12 Pkts. for \$1.00 your selection.

SWEET CORN

Early Pocahontas. The quality of Pocahontas is the finest of any early sweet corn I know. Stalks grow 5 feet high, ears 8 to 10 rowed are of large size, and for the home garden, or getting in the market early with really good white sweet corn, it will be found highly satisfactory. Pound, 35c; 4 lbs. \$1.20.

Buttercup. Medium early, larger and more prolific than Golden Bantam. The grains are very sweet and tender, better than Bantam, which is saying much, but the proof will be found in the eating. If you want the best quality yellow corn plant the Buttercup. Pound, 40c; 4 lbs. \$1.25.

Whipples Yellow. This is a very fine variety to grow for either home use or for market. The large size of the ears and the delicious quality of the corn, combine to place it at the top of the list of the yellow varieties. Early as Bantam, ears twice or three times as large, and the stalks often produce two fine ears. Plant Whipples Yellow for some real corn satisfaction. Pound, 40c; 4 lbs. \$1.25.

Half-pound packets above varieties Sweet Corn, 20c. per packet.

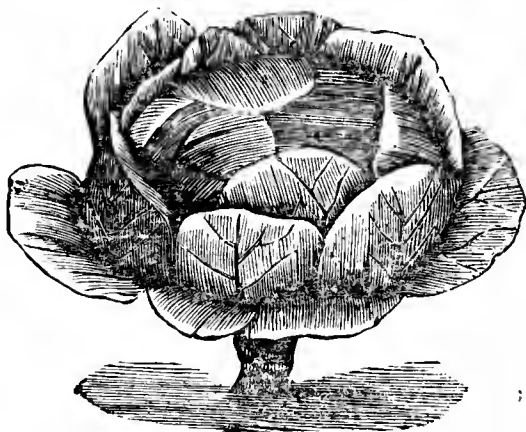

CABBAGE

GOLDEN ACRE. The heads are of medium size, round as a ball and very solid. For an early market crop it is very profitable owing to its earliness, fine quality and appearance. Oz. 50c; 1 lb. \$1.35.

Midseason Market. The heads grow very uniform in size, being round, deep, very firm, of good size and fine quality. For the home garden or growing as a market crop it will prove satisfactory. It is a great cropper and one of the very best cabbage to plant. Oz. 35c; 1 lb. \$1.00.

DANISH BALLHEAD. Short Stem.

This is a heavy yielding strain and under good average conditions this is the most profitable Danish cabbage to raise. The heads are somewhat flattened, very solid, and of good green color. Practically every plant makes a good head, which will keep in good condition throughout the winter. Oz. 35c; 1 lb. \$1.00.

Danish Ballhead

CUCUMBER

of fine shape and very good quality. Oz. 20c; 1 lb. 50c.

Improved Long Green. A fine variety for pickling, slicing and market. Fruits dark green in color, flesh white, crisp and of fine quality. Oz. 15c; 1 lb. 45c.

Early Fortune. This is one of the very best for either home use or for market. Fruits deep green in color,

EGG PLANT

BLACK BEAUTY. This is the best variety. Plants are of vigorous growth and very prolific. Oz. 50c; 1 lb. \$1.35.

All seeds are 10c. per packet. 12 Pkts. for \$1.00 your selection.

KALE

Dwarf Green Curled. Curly bright green leaves, tender and delicious in flavor. For winter use seed may be sown as late as July. Oz. 10c; $\frac{1}{4}$ lb. 30c.

KOHL RABI

Early White Vienna. This is the best variety and makes a delicious vegetable for the table. Cut at the proper stage of growth the quality is fine. Oz. 25c; $\frac{1}{4}$ lb. 60c.

LEEK

American Flag. The most popular variety, straight and uniform in growth and of fine quality. Grows to a good size. Oz. 25c; $\frac{1}{4}$ lb. 60c.

LETTUCE

May King. Fine for either early spring or fall planting. Plants of quick growth, heads of good size, and of a rich buttery flavor. For either home use or market it is unexcelled. Oz. 25c.

Grand Rapids. Does not form heads, but produces a large bunch of crisp, tender leaves of good quality and may be had the entire season. Oz. 30c.

California Iceberg. A very fine type of Iceberg lettuce, producing under favorable conditions large, fine heads, almost perfectly round, and matures about ten days earlier than Wonderful or New York. The quality is fine. Oz. 35c.

MUSK MELON

SUGAR ROCK. A most excellent melon for the home garden. Flesh deep orange, very thick and of a most delicious flavor. The melons are of medium size, heavily netted, early, and the vines are very productive. A fine variety for market as it is sure to give great satisfaction and will command good prices. Seed saved from selected melons. Oz. 25c; $\frac{1}{4}$ lb. 75c.

WATER MELON

Stone Mountain. This is a fine variety for the North as it is one of the earliest to ripen. The past season which was very unfavorable I had a few melons weighing 20 pounds each. The melons are dark green in color, and almost round in form. Flesh red and of best quality. Plant a few hills of the Stone Mountain and enjoy real watermelons fresh from the vine. Oz. 15c; $\frac{1}{4}$ lb. 40c.

ONION

Yellow Globe Danvers. Onions of perfect globe shape, with small necks, and skin deep yellow in color. Flesh solid, white and of mild flavor. The onions grow to good size, are medium early and keep well. Oz. 20c; $\frac{1}{4}$ lb. 60c.

White Portugal, or Silverskin. This is an early flat variety of good size and mild flavor. It is excellent for growing early green onions for bunching and also makes a fine onion for pickling, as they are white and very solid. Oz. 25c; $\frac{1}{4}$ lb. 75c.

PEAS

LITTLE MARVEL. A very productive and high quality pea, only a few days later than Notts Excelsior, with larger pods, and peas of deep green color. This variety is good for the home garden, as it is early and the ground after the peas are off can be used for other crops. $\frac{1}{4}$ lb. 15c; Pound 40c; 2 lbs. 70c; 4 lbs. \$1.25.

PARSNIP

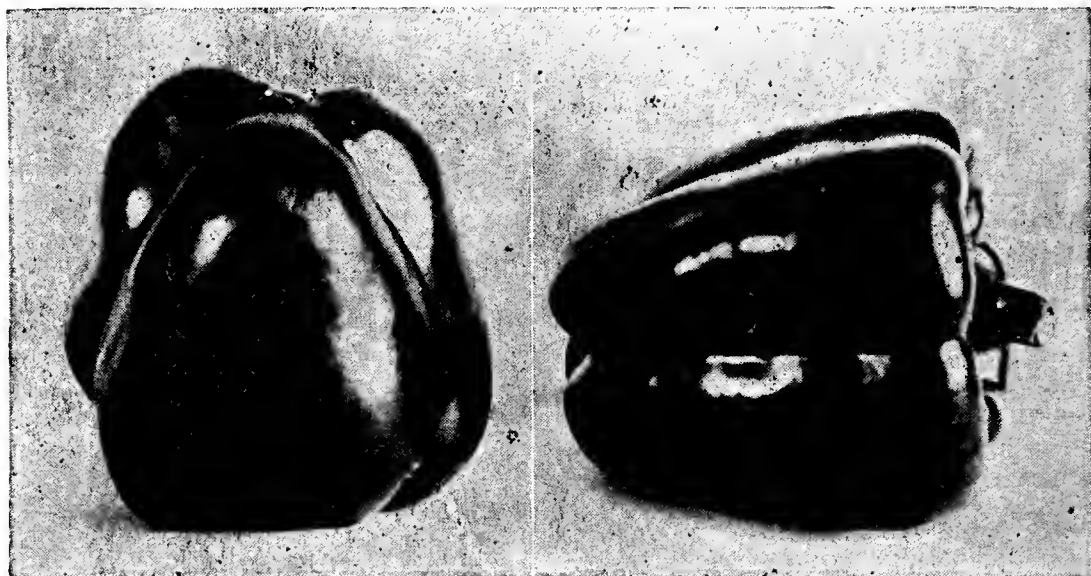

Harris Model. The roots grow to medium length, smooth and snow white, being very attractive for market. Seed grown from selected roots. Oz. 15c; $\frac{1}{4}$ lb. 50c.

PARSLEY

Dwarf Perfection. Leaves finely cut and curled, and flavor is superior to other parsley. The best variety. Oz. 15c; $\frac{1}{4}$ lb. 40c.

RIVERSIDE FARM PEPPER SEEDS

See cut from Photo. showing specimens as grown for seed at Riverside Farm.

Golden Giant

California Wonder

Harris Early Giant. The earliest, most prolific and largest early pepper. Fruits deep green turning to a rich red. Flesh thick and of a very pleasant sweet flavor. A good yielder and a fine variety to get into early market. Oz. 65c; $\frac{1}{4}$ lb. \$ 2.00.

Golden Giant. The fruits are very thick fleshed, large size, smooth and a deep golden yellow when ripe. The peppers are of very fine quality. Oz. 65c; $\frac{1}{4}$ lb. \$2.00.

CALIFORNIA WONDER. A wonderfully fine market variety. The flesh is very thick, heavy and of the finest quality. Medium early, and a heavy yielder under good growing conditions. Oz. 65c; $\frac{1}{4}$ lb. \$2.00.

PUMKIN RADISH

Cheese or Pie. Vines are very prolific and fruits ripen early. Flesh deep yellow, thick, sweet and makes excellent pies. Oz. 10c; $\frac{1}{4}$ lb. 25c.

Early Scarlet Globe. Bright red color, flesh white, firm and crisp. Matures very early and is one of the best early radishes. Oz. 15c; $\frac{1}{4}$ lb. 35c.

Crimson Giant. A very fine globe-shaped radish that does not become pithy even when of large size, a quick grower, pure white flesh, crisp and of mild flavor. A fine all seasons radish. Oz. 15c; $\frac{1}{4}$ lb. 35c.

Icicle or Pearl. The best long radish, pure white, straight and nearly the same size the whole length. Grows quick and is of fine quality. Oz. 15c; $\frac{1}{4}$ lb. 35c.

SPINACH

King of Denmark. A fine variety of extra fine quality, and will stand longer than any other kind before running to seed. If you are fond of good spinach this variety will please you. Oz. 10c; $\frac{1}{4}$ lb. 20c; Lb. 45c.

Long Standing Bloomsdale. The leaves are large, thick and heavy, deep green and very much crumpled. It makes a fine appearance, and is a profitable variety for market owing to heavy yield and fine quality. Oz. 10c; $\frac{1}{4}$ lb. 20c; Lb. 50c.

SQUASH

Golden Summer Crookneck. Plants of bush growth, early and very productive. Squashes crook-necked and of a rich yellow color, and of very good quality when cooked. Oz. 15c; $\frac{1}{4}$ lb. 35c.

BLUE HUBBARD. The squashes are of a gray-blue color, grow to large size, and the shell is very hard making it a remarkably good keeper. The quality is fine, being superior to the original Hubbard, Oz. 20c; $\frac{1}{4}$ lb; 50c.

SWISS CHARD

Lucullus. The plants grow nearly 2 feet high and have curled leaves, of a light yellowish green, and of fine quality when cooked. Oz. 15c; $\frac{1}{4}$ lb. 30c.

TURNIP

Red Top White Globe. An excellent globe-shaped turnip for market or table use. Early and a heavy yielder. Oz. 15c; $\frac{1}{4}$ lb. 25c; Lb. 60c.

RUTA BAGA. Improved Long Island. This is a very fine strain of Ruta Baga. Roots grow round, smooth, bright yellow with purple top, medium in size and of finest quality for table use. Oz. 15c; $\frac{1}{4}$ lb. 30c.

TOMATO SEEDS

Seed saved from selected fruits, grown expressly for seed. No matter what the price paid, or who grows the seed, no better seed of the varieties I offer can be obtained than is listed on this page.

BREWER'S FAVORITE TOMATO. See front cover, cut from Photo. Brewer's Favorite is an early variety, the vines are vigorous in growth, and productive of good sized fruits, which are the most solid and best quality of any tomato in the early or medium early class. It is superior to Marglobe, a good keeper and is of much better quality, the flesh never becoming mealy when ripe. For the home garden it is unexcelled, and for marketing at a roadside stand it is a valuable variety to grow as has been proved the past two seasons here, customers returning for them as long as they were to be had.

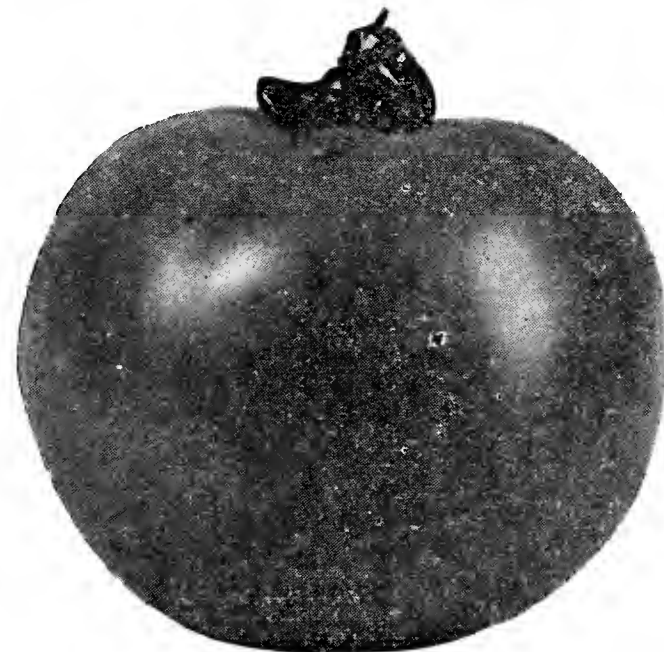

Tomato growers who grow for market should give this variety a trial in comparison with any other early variety. I feel sure they are going to be mighty well pleased with the results. I have grown and selected this tomato for years and my seed stock is fine, although limited I hope to have enough seed to meet the demand this season. $\frac{1}{4}$ Oz. 25; Oz. 75c; $\frac{1}{4}$ lb. \$2.50.

SCARLET TOPPER

Scarlet Topper is the best of the new varieties introduced by the late Dr. Pritchard. I have a very fine strain of this variety. The cut shows a specimen photographed as taken from the tomatoes picked for seed.

The fruits are of good size, flesh thick, firm and of bright red color throughout. Vines of strong growth and very productive, and the fruits color perfectly right up to the stem. The quality is fine, being almost as good as that of Brewer's Favorite. Fine for the home garden, and market growers will find Scarlet Topper a profitable variety to grow. Seed from selected fruits. $\frac{1}{4}$ Oz. 25c; Oz. 75c; $\frac{1}{4}$ lb. \$2.50.

MARGLOBE. Fruits bright red in color, and of handsome appearance when picked for market. It is medium early in ripening, vines of

Scarlet Topper, from a Photo. vigorous growth and very productive. Oz. 40c.

Break O'Day. Vines of strong growth, and carry an abundance of fruits, round, smooth, and deep orange in color. Flesh deep red, solid and of good flavor. Oz. 50c.

MATCHLESS. Vines vigorous in growth, producing a large crop of fine fruits smooth as an apple, fine quality, rich red in color, and unexcelled as a main crop variety. Fine for canning or market. Oz. 40c.

RIVERSIDE FARM

Selected Varieties

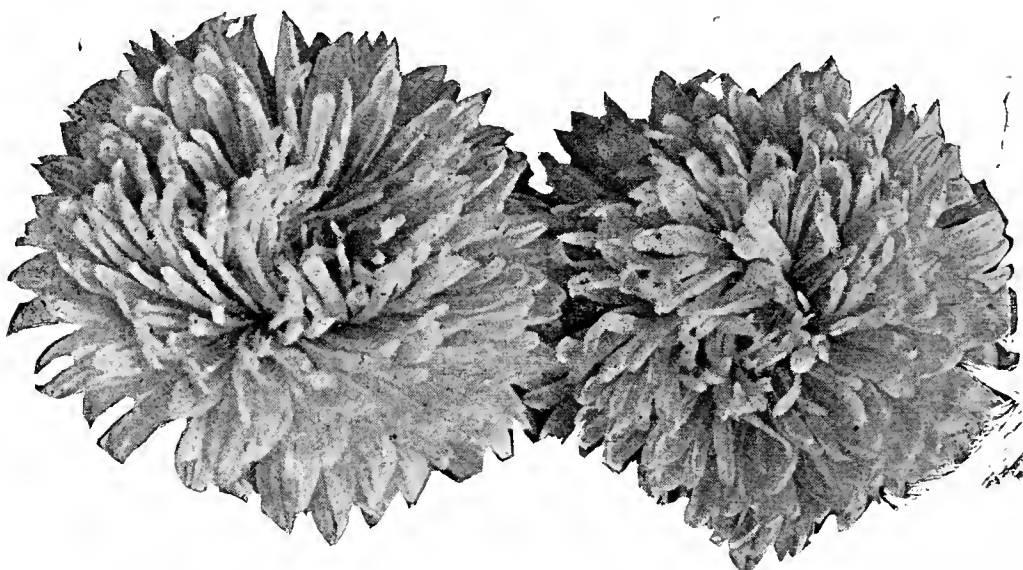

FLOWER SEEDS

ALL SEEDS LISTED are put up in very liberal packets at 10c. per packet. Any 12 packets your selection, either vegetable or flower seeds will be sent postpaid for One Dollar.

Ageratum Swanley Blue. A very satisfactory annual, easily grown from seed sown in the open ground and blooms all summer. The flowers are fine to use in mixed bouquets.

Alyssum Sweet Alyssum. Fine for borders. Grows one foot high, and is very fragrant.

Antirrhinum This superb mixture of snapdragons received much praise by all who saw them growing at Riverside Farm the past season. The plants grow 15 inches tall, and will furnish a fine display of beautiful flowers from July, until late fall. Fine for cutting. Mixed colors.

Asters Peerless Pink. A free bloomer, producing a mass of flowers of large size. Plants are of strong upright growth, the flowers of a beautiful deep pink color are borne on long stems and the petals are wide and more incurved than in the Crego pink aster. One of the very finest pink asters.

Heart of France. Plants of strong growth, the bright garnet-red flowers are large and full, and of striking appearance. Fine for the flower bed.

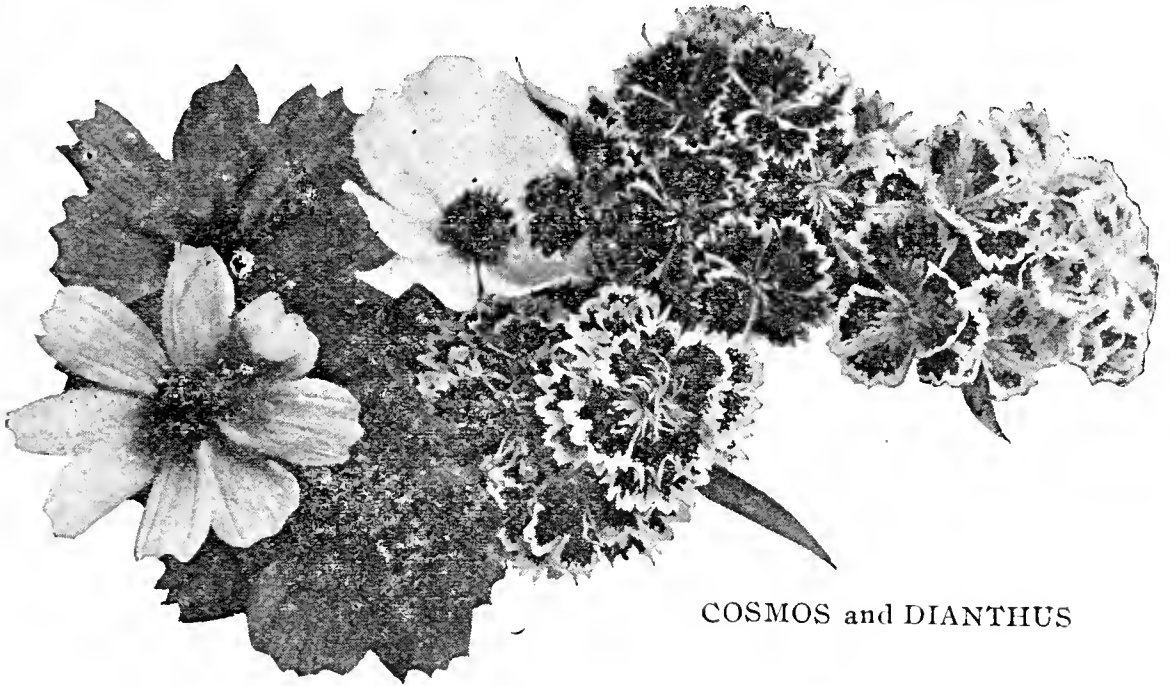

New Royal. For market or the home garden, Royal Asters are unsurpassed. The flowers are large and full, with long incurved petals, colors rich and clear, and include white, pink, rose, lavender and purple.

Candytuft Fine for massing in beds, borders and along driveways. Special mixture of the brightest colors.

Centaurea Imperialis. Plants grow two feet high, and produce large exquisitely fringed flowers with a delicate fragrance. Fine for cutting and bouquets. Mixed colors.

Calendula Balls Orange. Flowers large, double and a bright orange in color. The most popular calendula.

All seeds are 10c. per packet. 12 Pkts. for \$1.00 your selection.

COSMOS and DIANTHUS

Cosmos New Early Flowering. Large, graceful flowers, in pink, white and red. Fine for cutting and decorative purposes.

Celosia Magnificent. Mixes colors. Plants grow two feet tall, and produce magnificent feathery plumes ranging in color from red to yellow. When cut fresh and dried the flowers will retain their shape and color.

Larkspur Variety Mixture. A very fine mixture of several colors, producing large spikes of flowers, very attractive in beds or borders, and fine for cut flowers. The plants do best in cool and moist ground.

Marigold Tall African. Fine for cutting and bedding purposes. Large, fine double flowers, produced on strong, robust plants. Mixed colors.

African Double Lemon. The best double marigold, being what might be called all double.

African Double Orange. The same as above only the large all double flowers are of a deep orange color. These marigolds are fine.

Marvel of Peru Four O'Clock. It is an evening bloomer and will grow anywhere, and bloom all summer. Flowers of silky appearance.

STRAWFLOWERS

Strawflowers They are easy to grow, fine for beds or borders, cut flowers, and may be cut and dried for winter bouquets. Should be planted in full sunlight, and the plants spaced two feet apart for the best results. Mixed, several choice colors.

Sweet Peas Spencer, Superb Mixture. The best for sowing for mid season blooming. It contains the most desirable colors in Spencer sweet peas, and is much superior to the ordinary mixture of Spencer sweet peas offered. I feel sure that you will be more than pleased with this superb mixture, and the wonderful colors and beauty of the flowers. Oz. 20c; 1/4 lb. 60c.

Prices quoted are for seeds and bulbs postpaid to your address.

NASTURTIIUM

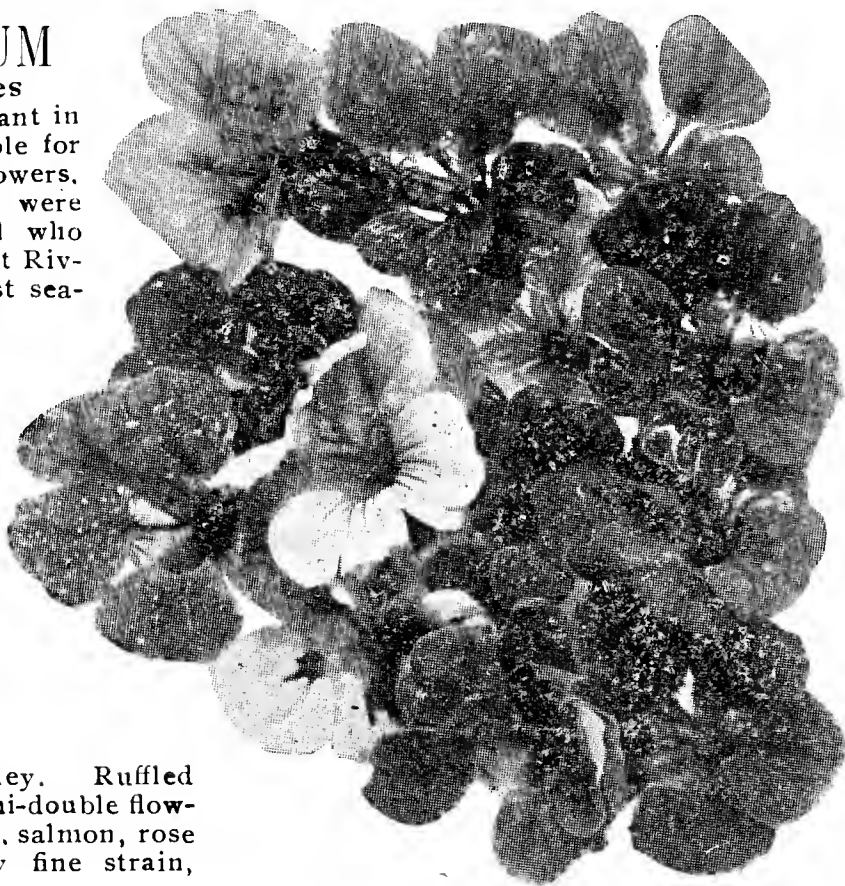

Brilliant Beauties

Georgeously brilliant in colors, and remarkable for the large size of the flowers.

These nasturtiums were much admired by all who saw them in bloom at Riverside Farm the past season. The plants are of neat compact growth, and very attractive for beds or borders, and for cutting purposes. Oz. 20c; 1lb. 50c.

A liberal packet of these fine nasturtiums is included in Grandmother's Garden Collection.

See inside back cover page.

Poppies Shirley. Ruffled and semi-double flowers in shades of pink, salmon, rose and scarlet. A very fine strain, and easy to grow.

Pansies Giant Trimerdeau. They form compact free-flowering plants, producing wonderfully large flowers. This is a complete mixture of the named varieties and if you are fond of fine pansies I feel sure this strain of Giant Trimerdeau Pansies will give you great satisfaction.

Petunias New Balcony. A very desirable variety for window boxes as well as for the flower garden. Special variety mixture.

Phlox Drummondii Grandiflora. Mixed colors. The plants start blooming early and continue until late in the fall. For mass effect, and borders where a brilliant display of colors is desired, plant phlox.

Salvia Splendens. Spikes of bright scarlet flowers, produced from mid-summer until frost. Plants grow 3 feet tall, and are very showy.

Salpiglossis Emperor Mixture. Produces beautiful velvety flowers with gold veining. Plants grow 2 to 3 feet high, and make a wonderful display in beds or borders.

Verbena Riverside Mammoth. Flowers much larger than the ordinary verbenas, and the colors are deeper and brighter. They are fine for beds and borders. Several colors in splendid mixture.

Zinnia Giant Dahlia Flowered. See back cover. Illustration from a Photo. Plants grow 3 to 4 feet tall, and bloom profusely from midsummer until frost. My stock includes all the finest colors.

NOTE. I will be pleased to send any of your friends or neighbors who may be interested in what I have to offer a copy of this catalogue. Send their names when you order and I will include an extra packet of seeds for the favor.

All seeds are 10c. per packet. 12 Pkts. for \$1.00 your selection.

PERENNIAL FLOWER SEEDS

Perennials are plants which live out over winter and grow larger and finer each year. Some of the varieties need to be divided, so as not to form too large a crown, for best results.

Riverside Farm perennial flower seeds are saved from the best plants only, and the varieties I have selected are all worthy a place in any bed or border. The seeds may be sown any time, preferably in boxes, or a cold frame, where they can be shaded or watered as required, and when large enough transplanted to the open ground where they will make fine plants for next seasons flowering.

Aquilegia Exhibition Hybrids. The gracefulness of shape, and the beautiful colors make this columbine one of the most charming of all flowers. A fine border plant, and is easily grown from seed.

R. F. Hybrids. Plants are hardy and bloom during June. The good old fashioned blue, brown, white and pink colors, will be found in this strain of columbine, which is included in Grandmother's Garden Collection.

Anchusa Italica, Dropmore variety. The plants grow about 4 feet in height, and produce a profusion of rich deep sky-blue blooms during June and July. Very showy in the border.

Agrostemma Rose Champion. Bright rose colored flowers produced on plants two feet tall, during July and August.

Boltonia Latisquama. Grows 5 to 6 feet high and bears a profusion of star shaped pinkish bloom during September and October. Fine for cutting and withstands dry conditions very well.

Coreopsis Lanceolata. Delights to grow in the sunshine and produces a profusion of golden yellow flowers, fine for cutting and bouquets, all during the summer. Hardy and one of the best yellow flowers.

Carnation Chebaud. They are easy to grow and make a fine display, blooming freely during July and August. The long stemmed flowers are excellent for cutting, lasting a long time in water. Mixed colors.

Harris New Hardy. Plants are perfectly hardy and will bloom year after year if the flowers are kept picked and plants kept growing. They are easy to raise from seed and the flowers are very fragrant. Mixed colors.

CARNATION

See inside back cover page, Grandmother's Garden Collection.
Six packets of choice Flower Seeds for 25 cents.

Daisy Shasta. The pure white flowers grow to large size, and bloom profusely during the summer. They are perfectly hardy, and are one of the best white flowers for cutting purposes. Easily grown from seed.

Dianthus Hardy Pinks. Hardy pinks have always been great favorites. They grow well in any location and bear an abundance of flowers.

Delphinium New English Hybrids. Few plants will give the great satisfaction that a bed of these flowers in their beautiful shades of blue will. They add much to the beauty of the garden, as well as making attractive vase bouquets. You can pay a much higher price for seed, but get no better.

Echinops Globe Thistle. A stately border plant with thistle like foliage and large ball-shaped flowers. Fine for a background in the border.

Gaillardias Grandiflora. Fine for cut flowers, blooming all the season. Flowers deep yellow with maroon markings.

Gypsophila Paniculata. Plants grow two feet tall and produce a mass of small white flowers. Fine for mixing in bouquets.

Hibiscus Mallow. A splendid tall growing plant, with flowers of large size, in white and shades of pink, from July until September.

Hollyhocks Brewer's Sunshine. Medium size flowers, single and semi-double of many fine colors and a wonderful satiny gloss fairly glistening in the sunshine.

New Radiant. Many beautiful colors, ranging in type from single to semi-double and ruffled flowers. Hollyhocks are fine for borders and backgrounds.

Heliopsis Hardy Zinnia. Plants grow three feet high, and bloom profusely during the summer. Flowers bright golden yellow, fine for cutting.

Lobelia Cardinal Flower. Blooms in June. Spikes of rich crimson flowers on long stems. Thrives best in moist and slightly shaded positions.

Lathyrus Perennial Peas. A perfectly hardy and excellent vining plant with branches 8 to 10 feet long. Blooms throughout the summer and is fine for covering over rocks or fences. Flowers pink and white.

Phlox Hardy. For best results sow seeds in Autumn, when they will germinate early in spring and bloom during the first season.

Pyrethrum Painted Daisy. Flowers on long stems are produced in shades of red and pink. Blooms early and is fine for cutting.

Poppy Oriental. Mammoth bright red flowers in early June. When once started the plants will live for years, getting larger every year. Given plenty of room and well fertilized they are most attractive during their season.

Rudbeckia Purpurea. A very attractive hardy flower, blooming during August and September. Plants grow 3 feet high and produce large flowers with a dark center, and drooping petals of a lilac shade.

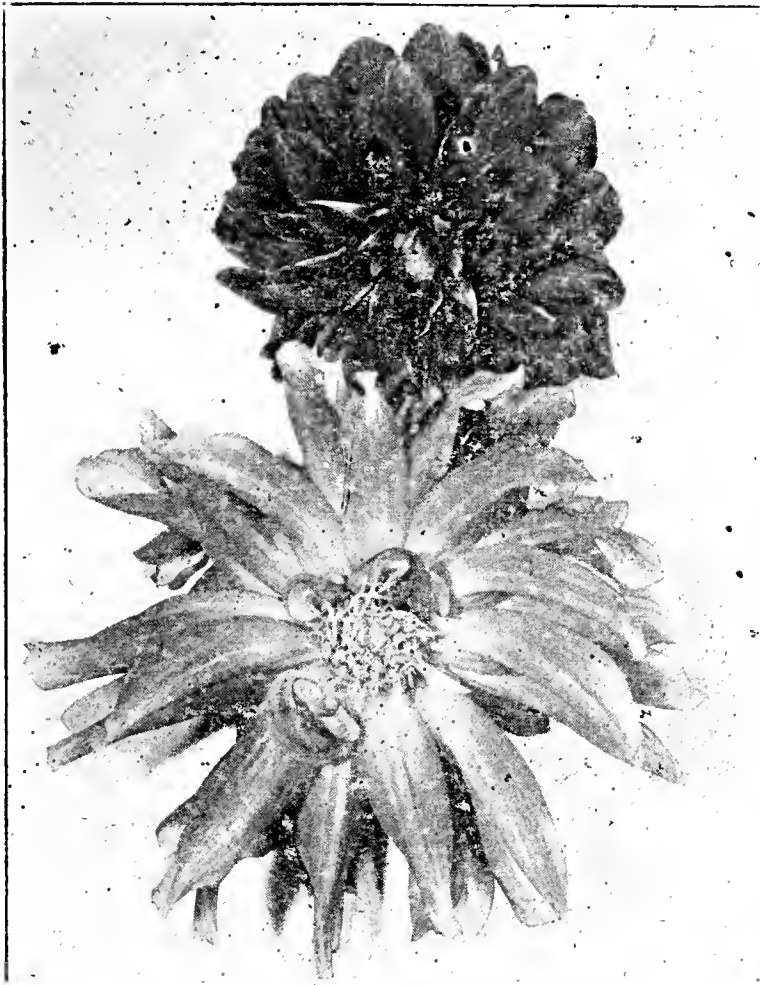

Stokesia Cyanea. Produces large flowers of a beautiful shade of blue. Will grow and bloom all summer in any sunny situation.

Sidelcea Pink Beauty. A very attractive plant. The pink flowers are borne on long graceful stems. Blooms in early summer, but if cut back before going to seed will bloom again in the fall, Height 3 to 4 feet.

Tritoma Pfizeri. A very attractive plant for the border. The spikes of flowers, of a bright orange-scarlet are fine for cutting.

Yucca Filamentosa. Blooms in June and July, and makes a striking appearance in the border. Flowers bell-shaped, very showy and of a creamy white color. Grows 4 to 6 feet in height.

RIVERSIDE FARM DAHLIAS

RIVERSIDE FARM JEWEL

This dahlia is rather unique in that it produces two distinct flowers on the same stalk. See cut from Photo.

The top flower a beautiful red in color, when first opening gradually develops into the wonderful form of the lower flower, showing a yellow center with petals varying in shades of red, twisted and curved, many of the tips showing the silvery backs of the petals.

The plant is a strong vigorous grower and a great bloomer.

The past season it attracted much attention, some people seeing it at a distance likening it to a beautiful rose in appearance.

Price, 50c. each.

MIRIAM

Plants of strong growth, and produce large double flowers of a most pleasing color, hard to describe. I might say sort of a flesh or lavender color. See cut.

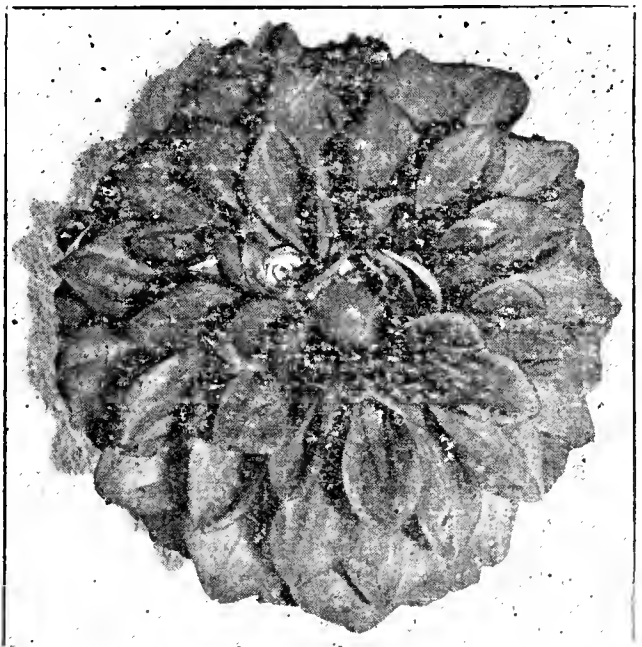

Price, 50c. each.

LING'S WHITE

A beautiful medium size, full center, pure white flower. Plant of medium height, foliage strong healthy and a good bloomer.

Price, 35c. each.

Dahlia tubers will be sent after weather gets warm or in time for planting. Postpaid.

GLADIOLUS

The Grandest of all the Summer Garden Flowers

RIVERSIDE FARM O. K. MIXTURE

This fine mixture is composed mostly of the named varieties and has a wide range of colors.

The past season, the most unfavorable in my twenty years experience in the growing of gladiolus owing to extreme dry weather conditions prevented the usual striking display of these Grandest of all the Summer Garden Flowers. However, the crop of bulbs even under those conditions turned out fine and I am pleased to say that no better bulbs can be had than those I am offering this season, and at a price whereby you can afford to plant liberally.

There is no other flower that will last longer or is better for table bouquets than a bunch of gladiolus.

Bulbs have all been fumigated for the thrip before storing. I am making a special low price on these choice bulbs this season.

First size, 12 for 50c. 25 for \$1.00 postpaid.
Second size, 12 for 25c. 25 for 50c. postpaid.

SPECIAL. First Size Bulbs

\$2.50 PER 100

Purchaser to pay postage. These bulbs weigh about 8lbs. per hundred, and an extra amount should be included to cover postage, according to zone in which you live.

GRAND NEW GLADIOLUS WESTFIELD

This new gladiolus a Riverside Farm production and which I offered last season for the first, large bulbs at \$1.00 each, I am able to offer at a lower price this season, although my stock is yet quite limited.

Perhaps the nearest I can come to describing this new gladiolus is to say it is white, splotted and veined with light and darker shades of carmine, the throat of the flower showing two shades of rich carmine color, blending out to a delicate pink. It is a good grower, producing large spikes averaging 3 feet in height, with 12 to 14 blooms.

Everybody seeing this gladiolus in bloom the past seasons have commented upon its great beauty and wonderful appearance in growth.

Large size, Bulbs 50c. each. 3 for \$1.00.

GROW GLADIOLUS FROM SEED.

Gladiolus are easily grown from seed and new varieties are produced in this way. It is interesting to watch the seedlings as they start to bloom, some of which may bloom the second year.

I have saved some seed from my finest gladiolus, which I offer at 10c. per Pkt. Oz. \$1.00.

New Gladiolus, WESTFIELD

GRANDMOTHER'S GARDEN

Collection, 6 Pkts. Annual Flower Seeds for 25c.

Last season so many of these collections were ordered that I decided to put up a collection of the old time favorites again this year.

One packet each, Larkspur, Variety Mixture. Marigold, Tall African. Nasturtium, Brilliant Beauties. Poppy, Shirley, in fine mixed colors. Pfllox Drummondii, Mixed. Zinnia, Giant Dahlia Flowered in a wonderful variety of colors. See back cover.

These old fashioned flowers greatly improved in size and color, since our Grandmother's day are grown at Riverside Farm, and this offer of six packets for 25c. is made so that everyone, even the children can have a real flower garden at a small expense. They are easy to grow and will give a great amount of pleasure during the season. Include this collection with your order, you will be well pleased.

GRANDMOTHER'S GARDEN

Collection, 6 Pkts. Perennial Flowers for 25c.

Many kinds of perennial plants are grown at Riverside Farm, and seeds are saved from the best plants only. These seeds may be sown any time up to the middle of August, and will make fine plants for next seasons flowering, and last for years if properly cared for.

One packet each, Aquilegia, Dianthus, Gaillardia, Hollyhocks, Lobelia, Cardinalis, and Rudbeckia, Purpurea. All six packets for 25c.

All are easily grown and will supply flowers throughout the season.

Order both these collections. I am able to make up these two collections owing to having a good supply of these varieties.

For the childrens garden or as a little present to some of your friends, a Grandmother's Garden Collection will be highly appreciated.

Don't make the mistake of spending time and money in the preparation and fertilization of your garden and then buy any old variety because it is cheap. It pays to plant the best, and Riverside Farm Selected Varieties are all of known quality. They are varieties selected to give the greatest satisfaction to the planter. Address your order to

Giant Dahlia-Flowered Zinnias

Illustration from a Photo. of these wonderful Zinnias as grown for seed at Riverside Farm. They have attracted much attention the past few seasons owing to their many bright colors and large size of the flowers. The plants grow 2 to 3 feet tall, and bloom profusely from midsummer until frost. Give the plants plenty of room to develop and see what fine zinnias can be grown from my Riverside Farm Selected Giant Dahlia-Flowered Zinnia seed, saved only from the finest flowers.

Pkt. 10c. 3 Pkts. 25c.
